Log Note -- Chief, Okinawa Bureau -- 15 December 1971

MEETING WITH CPO STAFFERS --  Mr. Paul Coleman, Deputy Director CPO; Mr. Len Cieskowski, CPO Program Management Officer; Mr. William T. Sukosky, Sukiran Area CPO; and George Masamoto, Sukiran CPO (Position and Pay Management Section), visited the bureau 14 December 1971. The discussion centered on the administration of FBIS Ryukyuan personnel after reversion.

STAT

Mr. Coleman pointed out that his office preferred to keep a very low profile regarding FBIS and that we would be operating pretty much on our own. He also said that CPO would be happy to assist FBIS in any way they could in the field of recruiting, training, etc.

Mr. Coleman said that it would be necessary to implement a cross-service agreement so that FBIS could reimburse CPO for support charges. I said this would be no problem as we already have several ISSAs in effect with both the Army and Air Force. We will provide CPO with a "Okinawa Employee Survey" form on all our bureau employees (Club employees also) along with copies of job descriptions.

I am also sending Mr. Coleman copies of the Japanese tax information received from Hokkaido.
